

STAINLESS STEEL AISI 304 (bottom and cylinder) / AISI 316 (top)

TECHNICAL DATA

HL	Ø (mm)	Cylinder height (mm)	Total height (mm)	Jacked height (mm)	Top	Bottom
90 + 10	2040	3000	4500	1000 + 1000	Conical 10°	Flat 3%

INCLUDED FEATURES AND FITTING

- adjustable legs h. 750
- central manhole Ø 600 h. 100 mm
- frontal upper manway Ø 400 h. 200 mm
- n. 2 cooling jackets on cylinder with 1"1/4 connections
- rectangular horizontal door slide 410x530 mm
- door opening with natural hydraulic piston
- gearmotor for marcs extraction
- elliptical door for inspection 320x420
- washing pipe DN 40 with n. 3 ball
- closed gauge level
- alcohol thermometer
- n. 2 valves DN 50
- thermowell with reinforcement bracket
- "cascade" complete winemaking system
- ladder hook
- sample faucet
- inox identification label
- lifting hooks
